College Essay Boot Camp Testimonials- 2015 & 2016

College Essay bootcamp was great. They showed me what to write without writing it for me, they gave me all the tools i needed to write it. I knew without the bootcamp this essay would be torturous to do on my own and this was a perfect way to buckle down and get it done.

Before this workshop, I had no clue how to even go about my essay. Now it's done. That's pretty amazing! (Student-2015)

I like College Essay Boot Camp because if it were not for this camp I would not have started writing my college essay until the very last minute. This boot camps forces you to sit down and brainstorm a topic. When I walked in, I only sat down listening to Gayle and Roseanne speak for ten minutes before we had to get to work. I finished my essay before my second class was even over with the help of two amazing teachers. Now I can start my school year stress-free unlike my other classmates.

2017-2018 Common Application Essay Prompts

1. Some students have a background, identity, interest, or talent that is so meaningful they believe their application would be incomplete without it. If this sounds like you, then please share your story. [No change]
2. The lessons we take from *obstacles we encounter* can be fundamental to later success. Recount a time when you faced a *challenge, setback, or failure*. How did it affect you, and what did you learn from the experience? [Revised]
3. Reflect on a time when you *questioned* or challenged a belief or idea. What prompted your *thinking*? What *was the outcome*? [Revised]
4. Describe a problem you've solved or a problem you'd like to solve. It can be an intellectual challenge, a research query, an ethical dilemma - anything that is of personal importance, no matter the scale. Explain its significance to you and what steps you took or could be taken to identify a solution. [No change]
5. Discuss an accomplishment, event, or *realization* that *sparked a period of personal growth and a new understanding of yourself or others*. [Revised]
6. *Describe a topic, idea, or concept you find so engaging that it makes you lose all track of time. Why does it captivate you? What or who do you turn to when you want to learn more?* [New]
7. *Share an essay on any topic of your choice. It can be one you've already written, one that responds to a different prompt, or one of your own design.* [New]
